March 2023

**East of Scotland Farmers - At the heart of farming in Strathmore, but not just for farmers...**

Magnesium is typically an unpalatable mineral, so by presenting it to cattle in a molassed free access lick such as **MAXX Cattle Mag**, you can be assured that stock have a reliable supplement to complement their diet. Ensure that there is the correct ratio of buckets to the number of cattle: 1 x 22.5kg bucket per 15 head of cattle, or 1 x 80kg tub per 50 head of cattle, to reduce the number of shy feeders.

**MAXX Cattle Mag** is a molassed bucket with high levels of sugar for palatability and to support consistent intakes, with added copper. Ideal for supplying extra energy at a time when levels in grass can be variable. **MAXX Cattle Mag** contains 10.5% magnesium and a range of minerals, vitamins and trace elements to support overall animal health.

**RUMENCO**

## **MAXX CATTLE MAG:**

The first choice for cattle

High magnesium, high sugar, feed and mineral lick  
10.5% bioavailable magnesium

CONTAINS COPPER, DO NOT FEED TO SHEEP

## **SUPALYX MAGNESIUM:**

Ideal for MIXED grazing

High 15% Magnesium mineral lick

Also available SUPALYX Mag Booster

## **HEATWAVE MILK WARMER**

In stock and available now! New and improved stock of spare parts for the Heatwave Milk Warmer. Top 25 most sold parts as per manufacturer will be in stock all season.

## **UDDERLY SHEEP MILKER KIT**

This hand-held, trigger operated vacuum pump is ideal for the collection of colostrum to feed newborn lambs and calves ensuring passive immunity is met whilst reducing the need to buy powder colostrum.

## **LIFELINE LAMB & EWE**

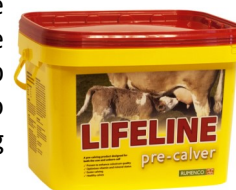

A unique specialist pre-lambing feed and mineral bucket designed to benefit both the unborn lamb as well as the ewe. Increases the antibody levels and absorption of colostrum by the lamb therefore maximising immune status, enabling the new born to fight disease.

**RUMENCO**

## **LIFELINE PRE-CALVER**

A unique mineral, vitamin and trace element bucket for in-calf cows and heifers to help optimise the calving process and immunity in the calf. High levels of magnesium help optimise calving contraction strength to help minimise potential calving problems.

## **BETA LOYALTY SCHEME**

Ask in Store to join the Beta Loyalty Scheme. Choose from our range of Beta Dog Food 2kg or 14kg. Collect 5 stamps on your loyalty card to receive a 6th bag of Beta free of charge.
