East of Scotland Farmers - At the heart of farming in Strathmore, but not just for farmers...

INCREASES IN HAULAGE COSTS & GOODS

We are starting to see the effects of the ongoing situation involving Iran, with some suppliers introducing surcharges due to wider supply chain disruption. Please be assured we are doing everything we can to manage these increases responsibly.

NEW! Gusto Dog Food

Gusto was developed to meet the nutritional needs of working dogs. Whatever your dog's age or lifestyle, a balanced and nutritious diet will help them live a long, healthy and happy life. Puppy, Adult & Mature Lite are all available now!

We're pleased to announce that we're now stocking Tubby buckets! Our range includes **Calf Tubby + Imuherb (10kg)**, **Tubby Pre & Post Lambing (14kg)**, and **Frobut Lamb Tubby + Imuherb (14kg)**—ideal for supporting livestock health and performance through key stages.

**TRUSTED
AT
TURNOUT**

Crucial magnesium to help safeguard stock
10.5% bioavailable magnesium

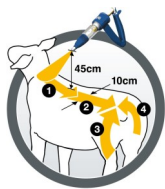

Benefits of a long-acting product like CYDECTIN 10% include:

- Reduced need to handle the animals in the summer months
- Once it's done, it's done
- Reduced stress to stock
- Reduced labour

NEW 20L CLIK Extra pack now available - LIMITED QUANTITIES AVAILABLE

As changing weather patterns continue to lengthen the blowfly season, protecting flocks against one of the most challenging ectoparasites is more important than ever. To support large-scale producers Elanco has introduced a new 20L CLIK Extra pack size. In a recent survey at least half of all farmers with over 1,000 sheep said they were likely or extremely likely to use it.

Treating up to 1,000 lambs or 550 ewes, depending on size, this pack is designed for maximum convenience. For added efficiency and ease of application (using the 4-stroke method) every drum comes with an extended draw-off tube to enable flexible attachment to the applicator gun. Talk to our RAMA staff today to discuss your needs.

Supporting lambs for the best start

introducing...

High-quality colostrum supplement, specifically formulated to mimic the ewes own colostrum in every way possible

- Full fat colostrum sourced from Scotland TB & EBL free herds – highly complimentary to UK farm environments
- Ewes milk providing highly digestible energy and protein
- Added egg protein provides an additional concentrated source of nutrients
- Essential vitamins and minerals including antioxidants selenium & vitamin E to support lamb vigour and immune response
- Unique yeast product CELMANAX™ to further support immune responses and gut development

We've received lots of **NEW** spring & summer lines in from your favourite brands. This also means we've topped up our **SALE** rail with some new bargains. Pop in and check out our new ranges and bargains.
